Sandart is the innovator and leader in the field of gifts, souvenirs and artworks made with natural sand. Over the last 15 years the experience and research of our creative team and the care and craftsmanship of our skilled workers have come together to produce the best handcrafted natural sand products. Our team is fully dedicated to continuously improve and customize our products to give our clients the best service available. Our commitment is to produce high quality products with extreme care for details including points of sales presentation.

Sand Art runs two big and different product lines. Our gift and souvenir products are especially developed for clients operating in tourist areas in vicinity of coasts and beaches.

The art and decoration collection is suitable for homes, offices, galleries and hotels.

Natural sand is our prime material and all our products are manufactured on our premises in Bali, Indonesia. As the manufacturer of our own products we offer our clients the highest quality artwork at the most affordable pricing.

Each of our distinctive artwork is printed on natural sand with custom made machines we developed and build ourselves. Our market strength and expertise includes:

- Ability to deliver artwork in volume
- Novelty and unique products of European standards
- High rotation / Fast fabrication
- Use of recyclable materials
- Design flexibility
- Personalized concepts customized to areas, cities or needs
- Small minimum orders for customized products
- Displays for retailers
- Global distribution

From concept, design and production, freight handling, through point of sale presentation we provide a complete end to end solution.

Sandart delivers high quality products that will help your business grow.
